

PINK MARKINGS ON SLATE		Uzerche Meander route
		🕒 1 h 30

With this itinerary, you will discover the city through the “rural ring road”, made of many stairs, various interesting points of low and high angle view, and two footbridges crossing the Vezere River.

Departure from the Small Station, cross the footbridge along the riverbanks. Once on the left bank, walk up the *Rue de l'Abreuvoir*, *Place Marie Colein*, walk down the 150-steps *Escaliers du Lavoir*, turn right to walk along the banks until you reach the footbridge of the Papeterie. Cross the eco district, in direction of the *Pont Neuf*. Cross the street towards the Besse drugstore and walk up the stairs overhanging.

When you arrive on the former road of Paris Orléans Corrèze, turn left to take new stairs in the direction of the *Chemin du Veder* (near the Valade bakery).

At the end of the track, turn left to the crossroads of Sainte Eulalie, then turn right in the direction of “Eyburie / Treignac”. Further along on the right, go down the *Cheminou*. Once you get down the path, turn left to reach the Small Station.

This new route take little used paths and offer surprising views on the Limousin Pearl
